

They require frequent repairs

Brick concrete pavements are a maintenance headache. Use colored & shaped asphalt (shower proof)

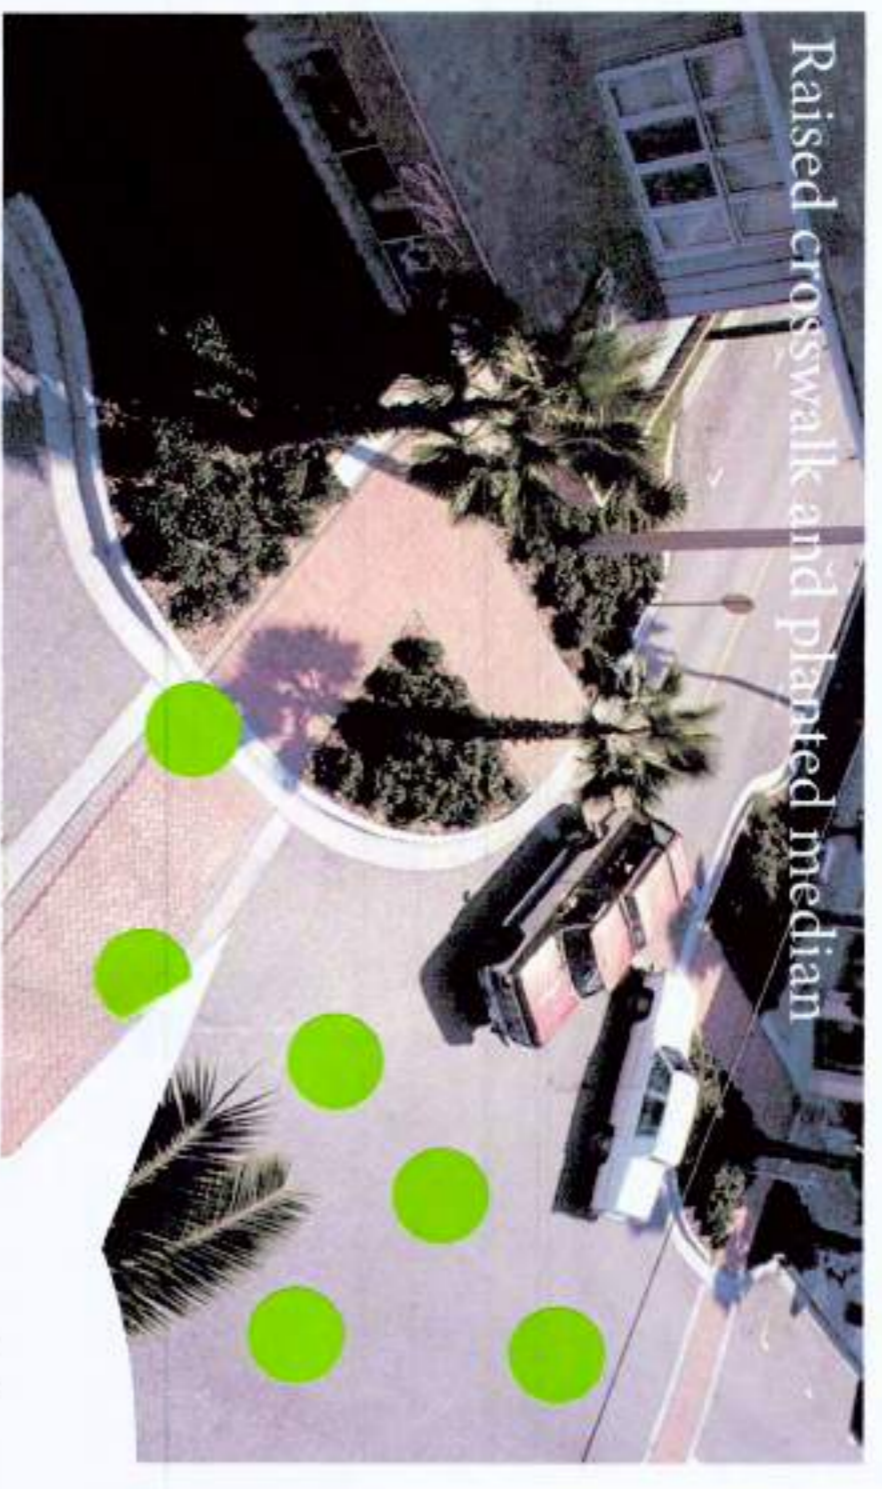

Do you like brick crosswalks?

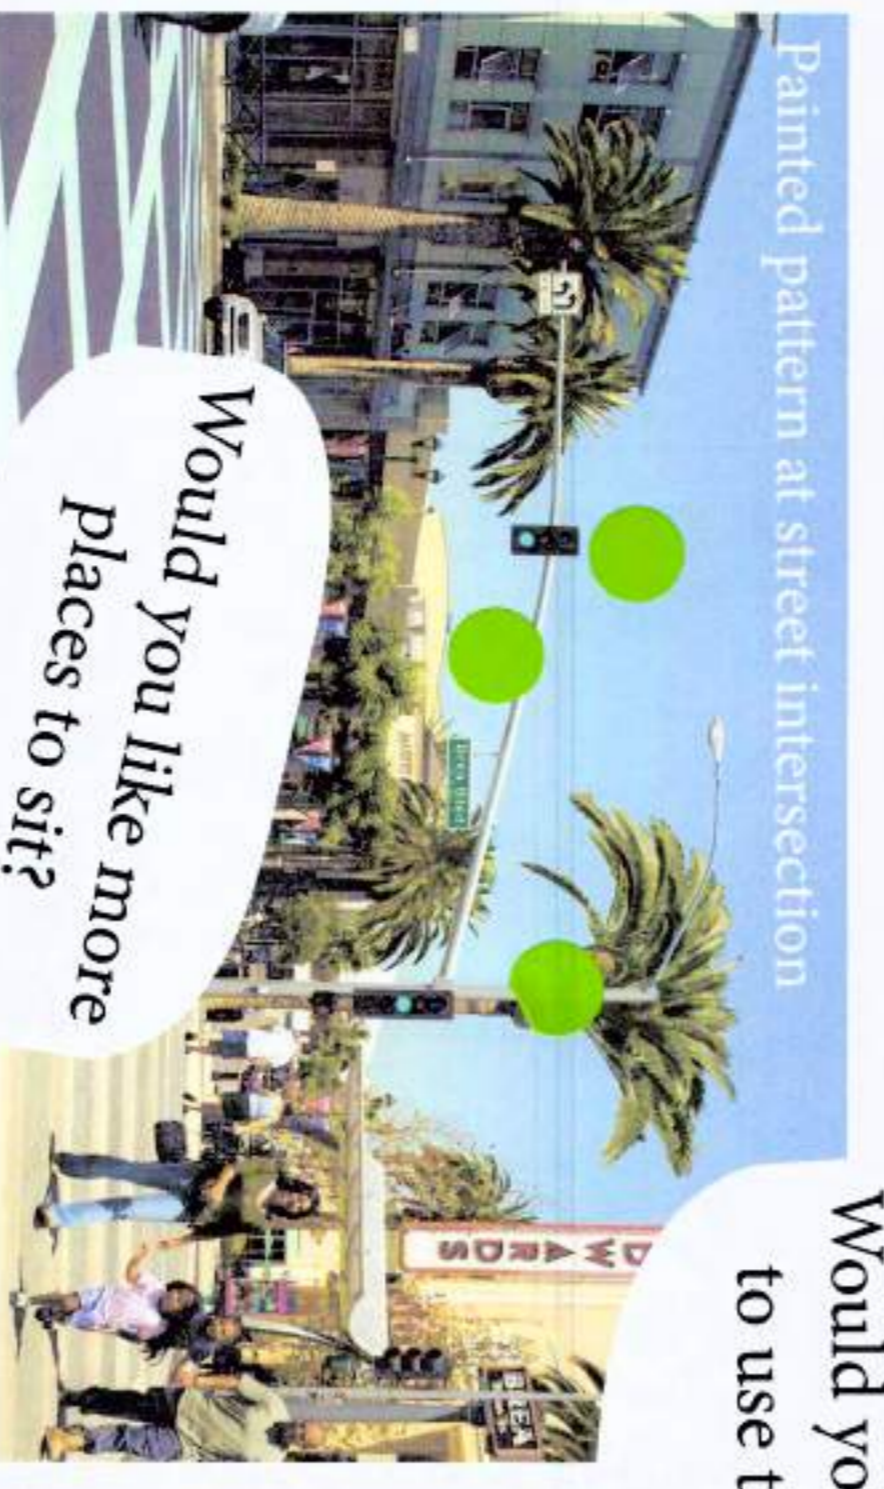

More traffic calming

Handicap ramp monitor

Raised crosswalk and planted median

Would you be more likely to use this crosswalk?

Painted pattern at street intersection

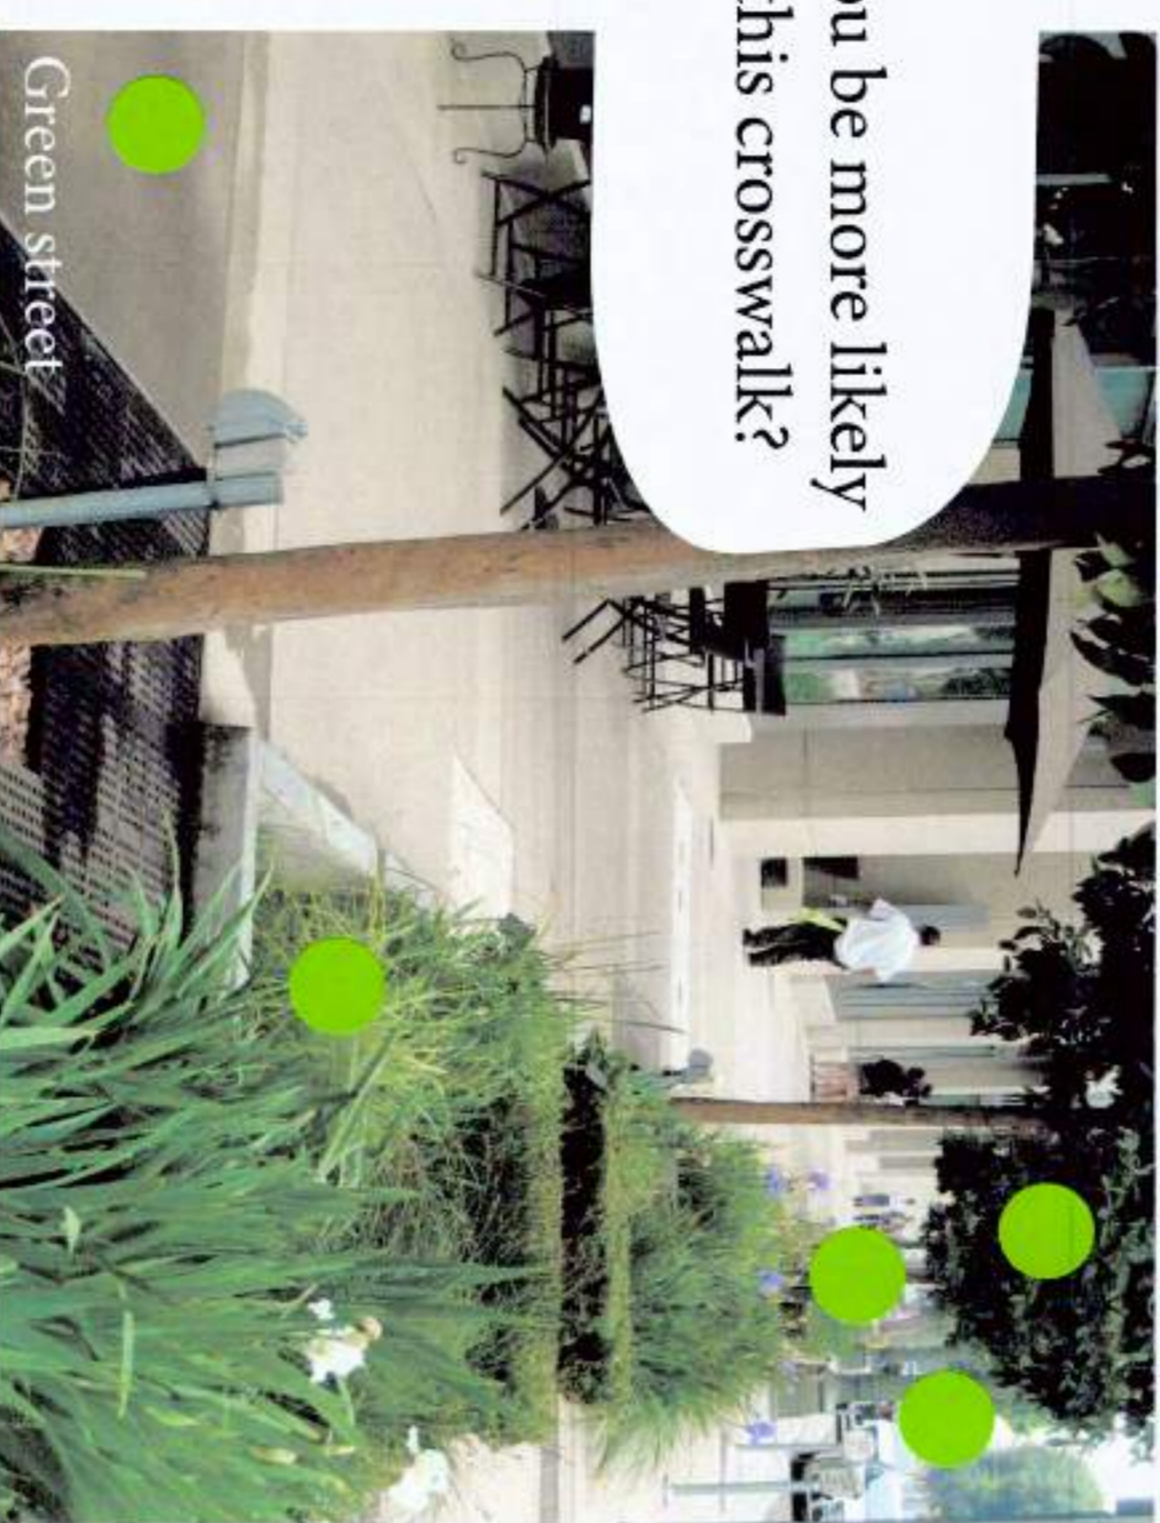

Would you like more places to sit?

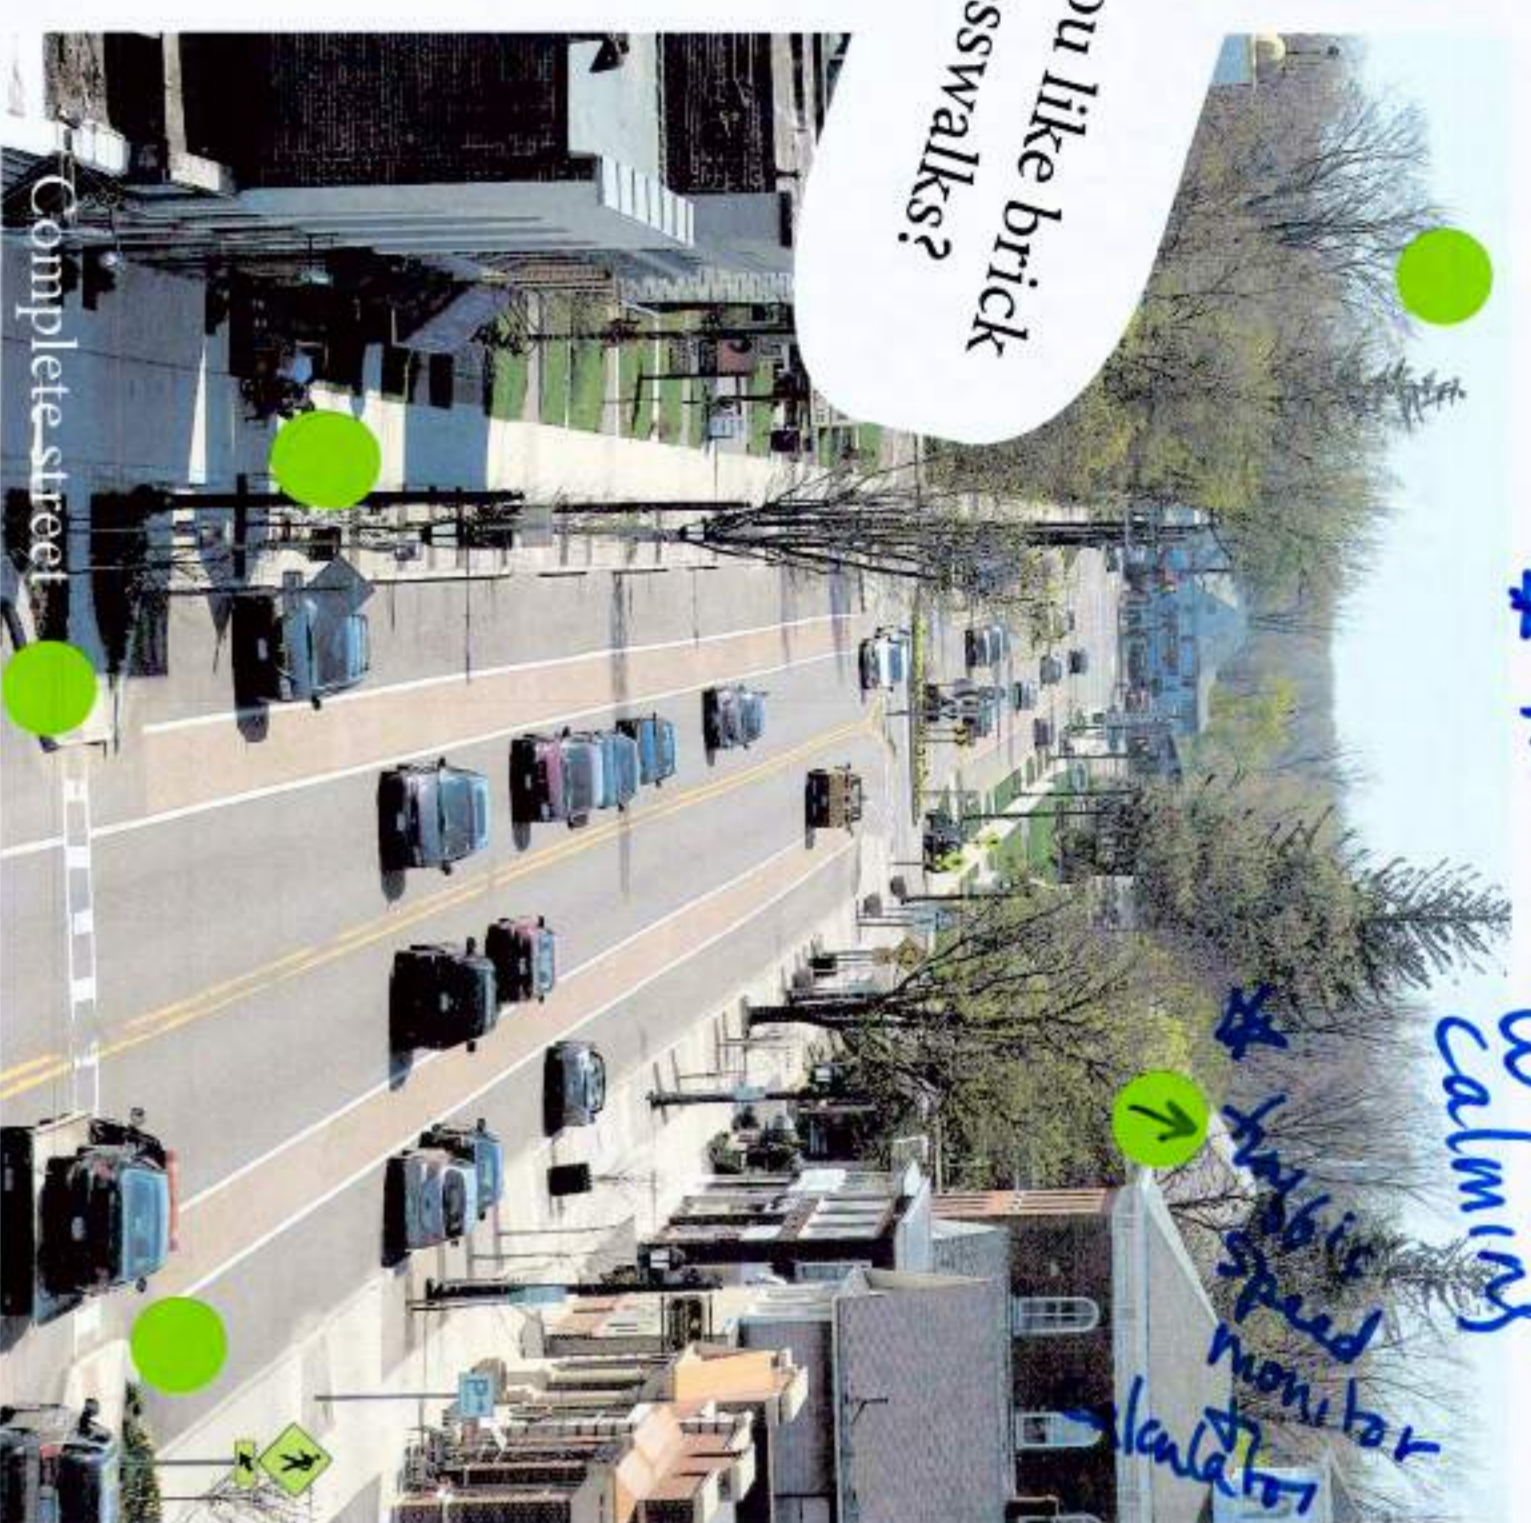

Informal plaza

Need shade

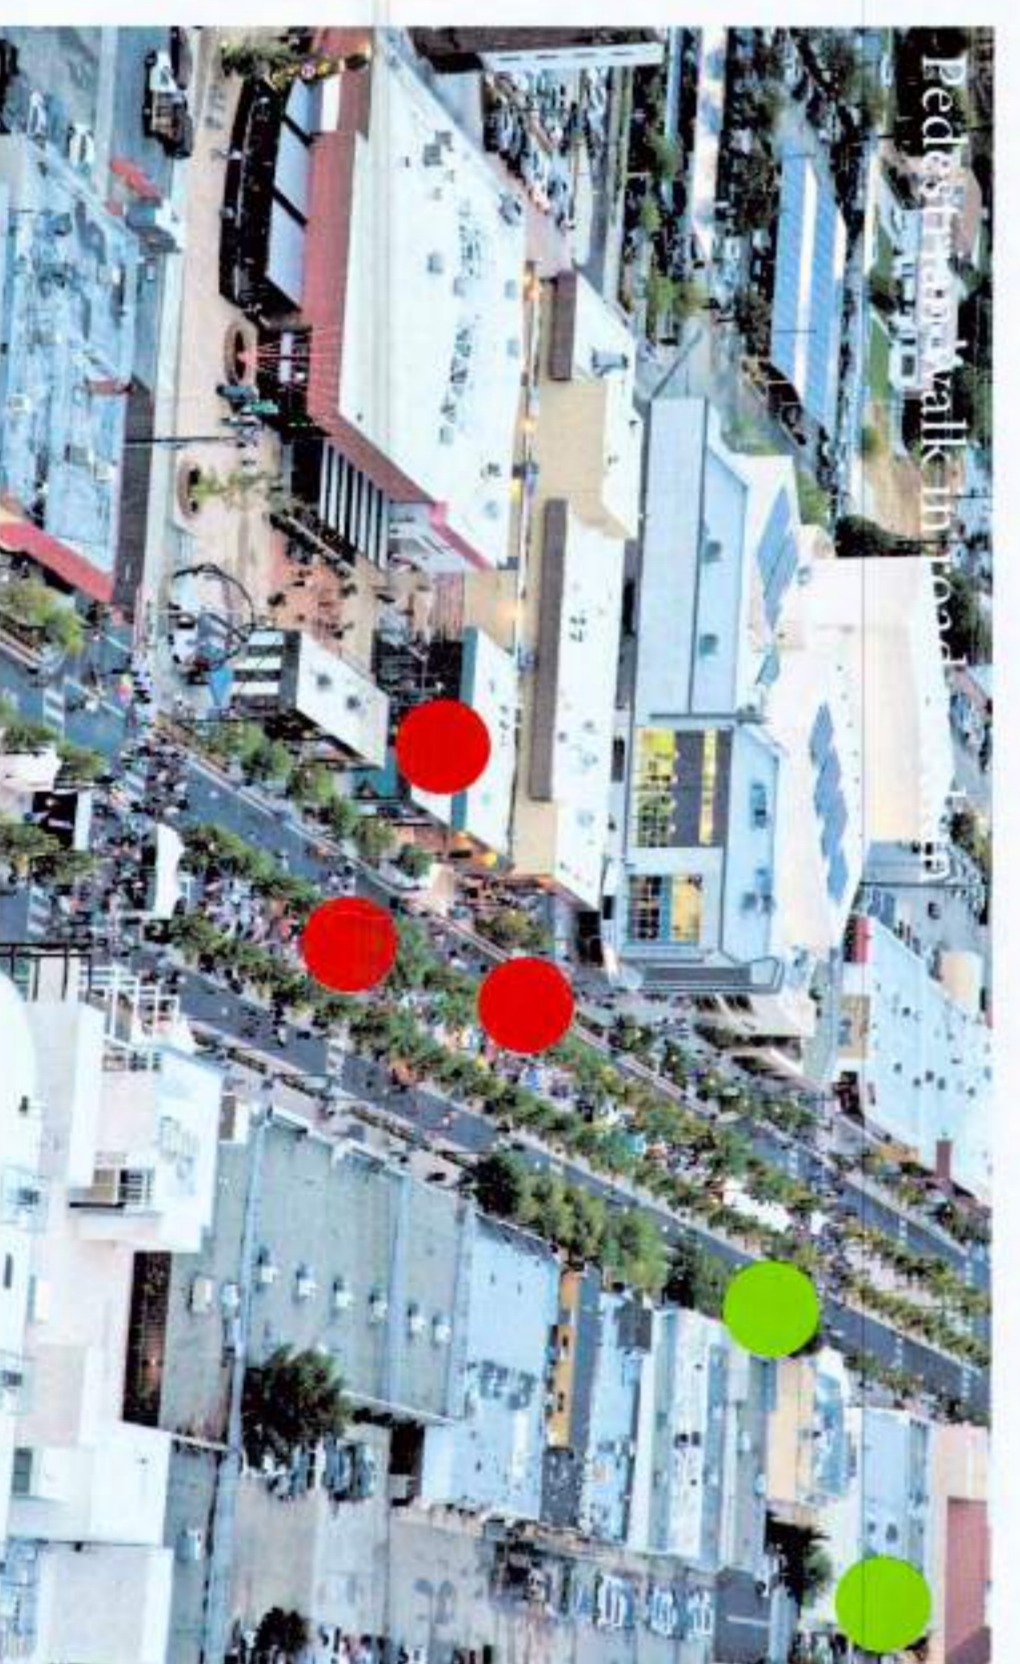

No parking - maintenance

Green street

Complete street

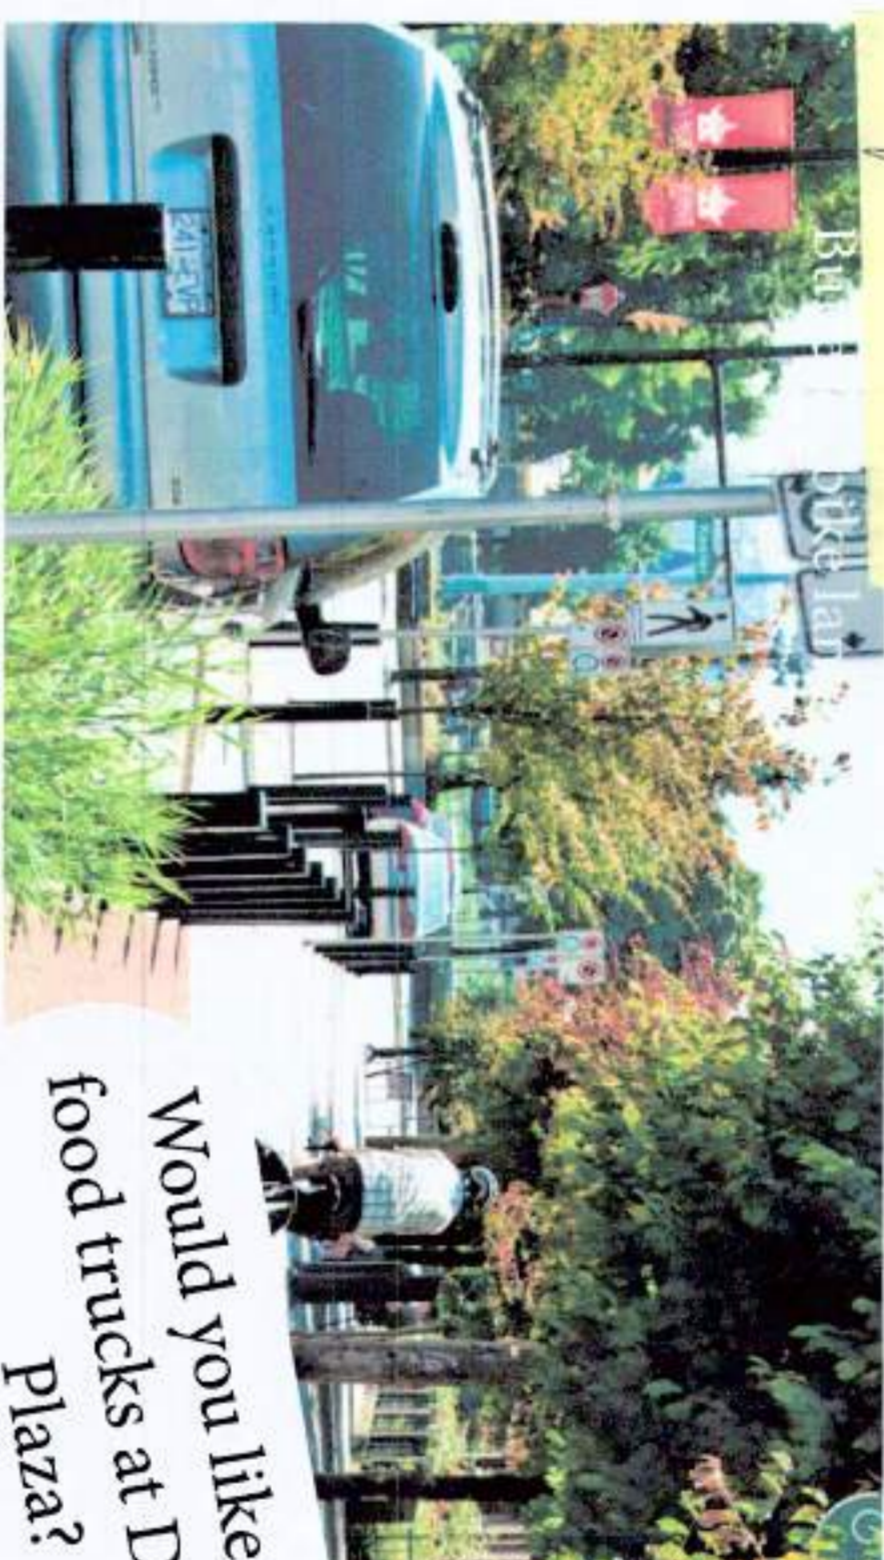

Pedestrian walkway in town

Two-way separated bike lanes are very hazardous for contractors & other users. Could be buffered or maybe separated.

Would you ride a bike on Grant Ave if you had a buffered bike lane?

Would you like to see food trucks at Discount Plaza?

Use traffic calming

Pop-up restaurant

Not enough density

Crosswalk

How do you feel about temporary solutions, like paint?

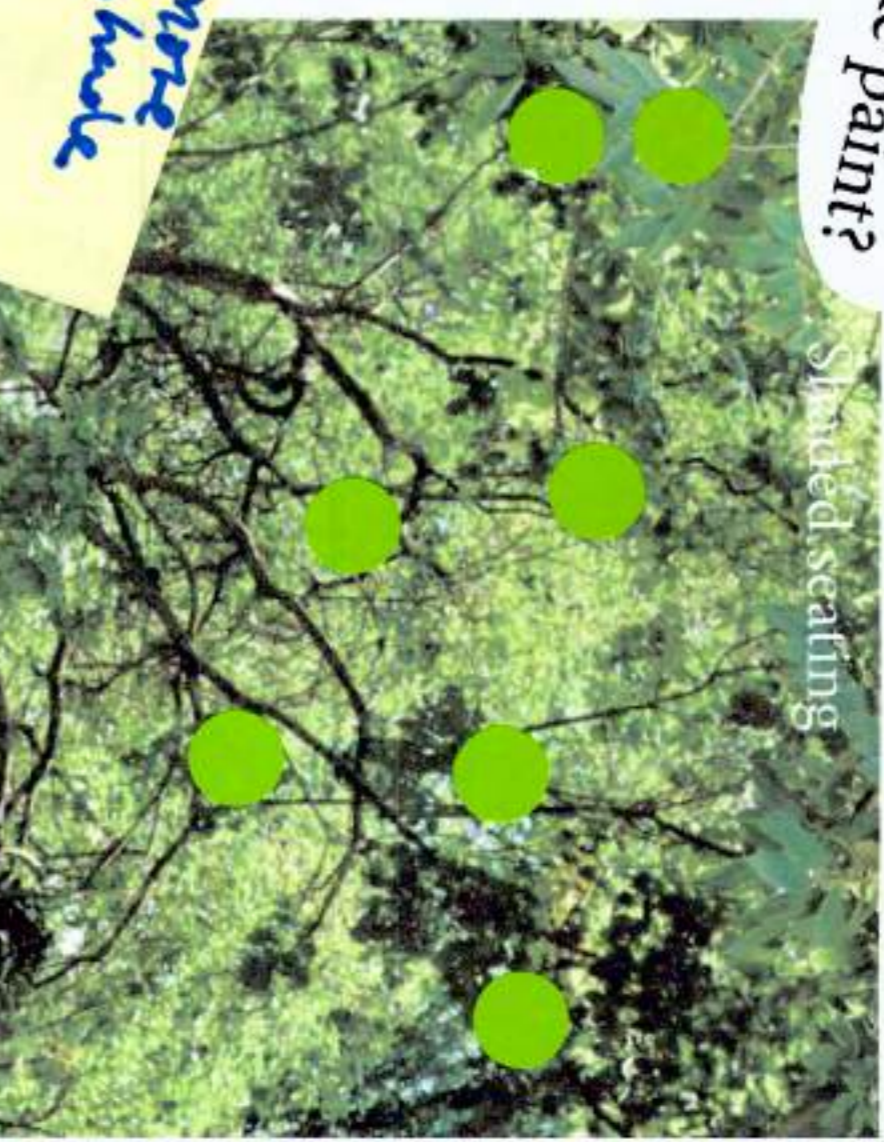

Internal food plaza

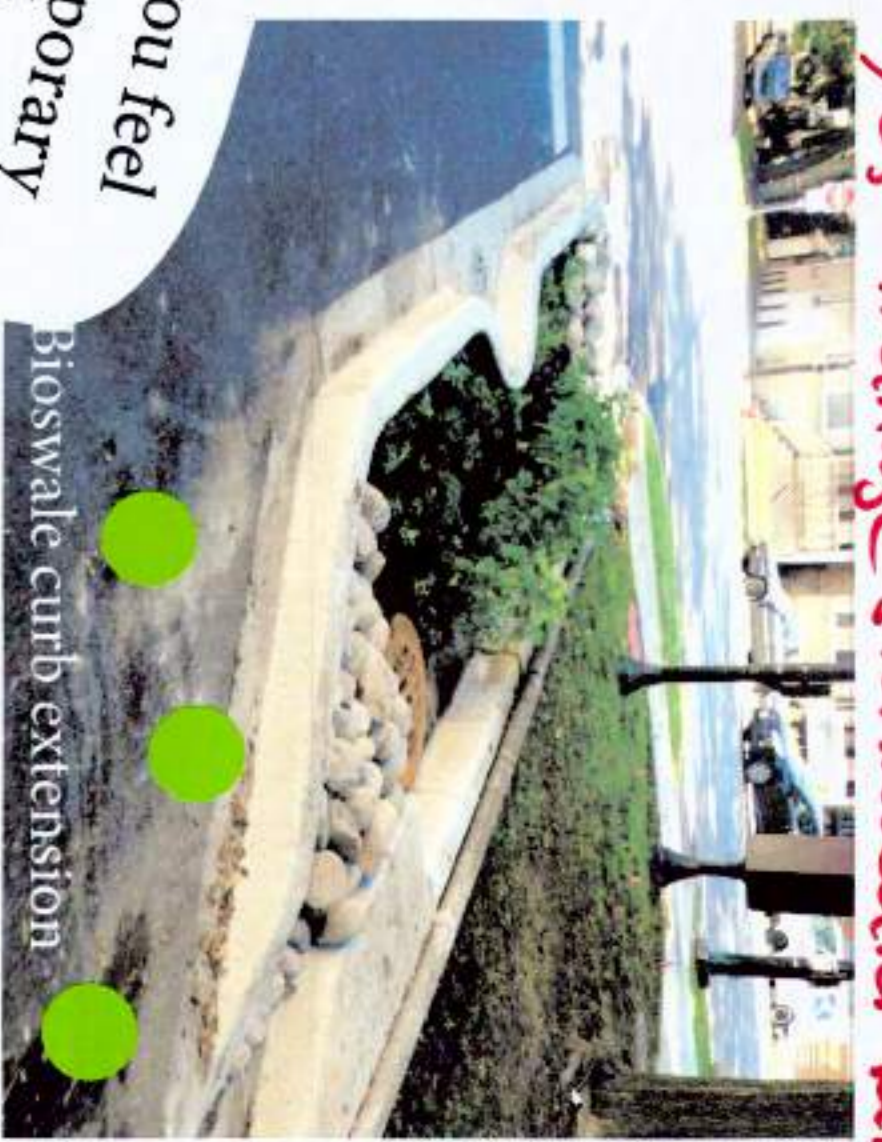

Do you feel safe riding on Grant Avenue?

Bike path in road median

Shaded seating

Bioswale curb extension

Painted bike sharrow - shared bike/vehicle lane

nothing bad now in my city

Yes - manage stormwater better
