

The City of Manassas, a community of approximately 42,772* people, is located in Northern Virginia within the Washington, DC Metropolitan Statistical Area (MSA). Surrounded by Prince William County, the City is thirty miles southwest of the Nation's Capital and encompasses ten square miles.

Located within the City, the Prince William County Judicial Center serves the City of Manassas, Prince William County, and the City of Manassas Park. Incorporated in 1975, the City of Manassas is a transportation hub with great restaurants and shops and fun community events.

MANASSAS: A HISTORY

The Civil War

Manassas served a key role in the Battle of First Manassas and the Battle of Second Manassas based on its strategic location where the Orange and Alexandria Railroad met the Manassas Gap Railroad. Union forces under General Irvin McDowell saw Manassas Junction as the land approach needed to capture the Confederate capital of Richmond, Virginia.

In addition to the railroad, Confederate and Union forces occupied many homes in Manassas during their campaigns. In 1861, Confederate forces under the command of General P. G. T. Beauregard temporarily forced the Hooes Family to abandon Mayfield Fort in an attempt to defend Manassas Junction against Union troops. Liberia Plantation (shown to the left...then and now) served as headquarters for both the Union and Confederate armies during the war and is believed to have served as a hospital and "death house" after the First Battle of Manassas. During its time as Union Headquarters under General McDowell (around the time of the Second Battle of Manassas), President Abraham Lincoln made a visit to the plantation. The arrival of Union Forces led to many slaves in the Manassas area fleeing for freedom. Liberia Plantation is one of the few structures to have survived the war and still stands today.

The Evolution of Manassas

The evolution of Manassas as a prosperous center of transportation and business began immediately after the war. In 1872 one of Virginia's first free public schools, Ruffner School Number One opened. The next year saw the incorporation of the Town of Manassas under a charter written by George Carr Round, a Union veteran who became one of the community's leading citizens. A City elementary school is named after Mr. Round.

Relocation of the county seat from Brentsville to Manassas in 1892 reflected the town's growing significance. In 1894 a new courthouse opened and in 1911 it was the scene of an address by President William Howard Taft during the Manassas National Jubilee of Peace, marking the 50th anniversary of the First Battle of Manassas. The Old Manassas Courthouse remained in use until 1982. In 2011 restoration was completed and the Courthouse reopened to the public. The upstairs consists of the original courtroom which has been rehabilitated to an elegant ballroom that can be rented for meetings, receptions, and other special events.

In 1892 the Manassas Industrial School for Colored Youth was established through the dedicated efforts of Jennie Dean. Born into slavery in 1852, Miss Dean recognized the need for vocational and academic training for African Americans in Northern Virginia. The school was designed as a private residential institution providing both academic and vocational training within a Christian setting. The first building, Howland Hall, was completed in time for the dedication ceremonies conducted by Frederick Douglass on September 3, 1894.

By the turn of the century, over 150 students attended the schools three-term academic year lasting from October through May. The school survived as a private institution until the 1930s. While the school no longer stands, visitors can visit the Jennie Dean Memorial located on the site of the original school and obtain a sense of where the buildings once stood through concrete outlines of building foundations and a bronze three-dimensional model of the original school campus.

COMMUNITY PROFILE

During the early 20th century Manassas was the center of an agricultural area that provided produce and dairy products for the surrounding region. Citizens commuted to Washington, D.C. via train. Railroad employees built distinguished homes along Prescott Avenue and the adjacent tree-lined streets. Water lines and electrical power service were established during this period, marking the start of the city's impressive utility infrastructure.

Suburban expansion in Northern Virginia during the post-World War

II era transformed farm land into housing and business developments. By 1964, the Manassas Regional Airport met a growing need for air travel by moving from Prince William County to its present location, where it is now the busiest general aviation airport in Virginia.

LOCAL GOVERNMENT

The Town of Manassas received its charter in 1873 and operated as an incorporated town in Prince William County until May 1, 1975, when it became a City of the Commonwealth. The City government is organized under a charter, adopted by the General Assembly of Virginia April 12, 1976, which authorizes a council-manager form of government. The governing body, the Mayor and a six-member City Council, is elected at large for staggered four-year terms and makes policies for administration of the City. Elections are held on the first Tuesday following the first Monday in November. The City Council appoints the City Manager to serve as Chief Administrative Officer of the City. The City Manager serves at the pleasure of the City Council, carries out its policies, directs

business procedures, and appoints and has the power to remove the heads of all departments and all employees of the City as provided by the City Charter. The current City Council includes the following members:

- Michelle Davis-Younger, Mayor term ending December 31, 2024
- Pamela J. Sebesky, Council Member and Vice Mayor term ending December 31, 2024
- Theresa Coates Ellis, Council Member term ending December 31, 2022
- Lynn Forkell Greene, Council Member term ending December 31, 2022
- Tom Osina, Council Member term ending December 31, 2024
- Ralph J. Smith, Council Member term ending December 31, 2022
- Mark D. Wolfe, Council Member term ending December 31, 2024

The Manassas City Public School system (MCPS) is governed by a seven member School Board who are elected at large for staggered four-year terms. The School Board appoints the Superintendent who is the Chief Administrative Officer of MCPS. As defined in the Code of the Commonwealth of Virginia, the City Council must approve the budget and appropriate the funds of the MCPS and issue debt. Therefore, the budget for the MCPS is presented in this budget. Further details on the Schools budget can be found by contacting Manassas City Public Schools, Financial Services, 8700 Centreville Road, Suite 400, Manassas, VA, 20110 or by calling (571) 377-6000.

The City Treasurer and the Commissioner of the Revenue are elected at-large by the voters. Elected officials shared with Prince William County are the Commonwealth's Attorney, the Clerk of the Court, and the Sheriff. The judges of the Circuit Court, General District Court, and Juvenile and Domestic Relations Court are appointed by the State Legislature. The General Registrar is appointed by the three-member electoral board to serve a four-year term. After the initial appointment, the General Registrar can be reappointed by the electoral board for an unlimited number of terms.

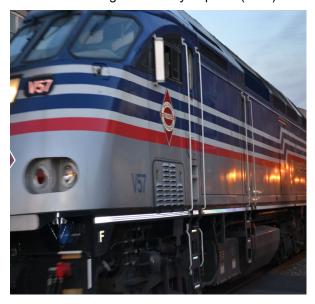

TRANSPORTATION SERVICES

In and around the City there are several state roads such as Route 234 and Route 28 connecting the City to major interstates such as I-66 to the north and I-95 to the east. Interstate 66 leads travelers east to Washington D.C. or west to Interstate 81. Interstate 81 travels along the eastern inland coast from the U.S. / Canada border to Knoxville, Tennessee, often running parallel to Interstate 95. Interstate 95 leads travelers north as far as Houlton, Maine and south as far south as Miami, Florida.

In addition to its close proximity to interstates, the City has many transportation options including freight service, passenger rail service, bus service, and easy access to the Washington Metropolitan Area Transit Authority Metro Rail Service. CSX and Norfolk Southern provide freight service while Amtrak and Virginia Railway Express (VRE)

provide passenger rail service from the city. Amtrak provides service to more than 500 destinations in 46 states, DC and three Canadian provinces. It is the nation's only high speed intercity passenger rail provider. VRE provides commuter train service to and from Washington, D.C. Monday-Friday. The Manassas Line has two stops in the City, one in Historic Downtown Manassas and at the Manassas Regional Airport (Broad Run station). Services are primarily north to Washington D.C. in the morning hours and south out of the City in the evening hours. Potomac Rappahannock Transportation Commission provides commuter bus and local bus service. OmniRide is PRTC's commuter bus service offered on weekdays along the I-95 and I-66 corridors while Metro Direct buses provide weekday service to Franconia-Springfield and Tysons Corner Metrorail Stations. Local bus service is provided for with PRTC's Omnilink and Cross County Connector.

In 1963, 268 acres were purchased with federal, state, and local funds for the relocation of the Manassas Airport from Manaport Shopping Center in Prince William County to its current location. Manassas Regional Airport (HEF – Harry P. Davis Field) is the busiest general aviation airport in Virginia. It has been designated a National General Aviation Airport by the FAA – one of only 84 airports in the United States with such a designation. For those looking for international flights, the City is less than 20 miles from Dulles International Airport and less than 30 miles from the Vienna Metro Station, providing access to Reagan National Airport.

TOURISM AND MAJOR EVENTS

The City Economic Development Department partners with Historic Manassas, Inc. (HMI) in the coordination of several annual events. Some of these events include the St. Patrick's Day Parade (March), Celebrate America (July 4th), the Railway Festival (June), the Wine & Jazz Festival (June), African American Festival (August), the Old Town Car Show (September), the Latino Festival (September), the Fall Jubilee (October), the Veterans Day Parade (November), and the Christmas Tree Lighting and the Christmas Parade (December). HMI has sponsors a monthly First Friday event with a special event hosted the first Friday of every month.

During the warmer months, residents can take a stroll through Historic Downtown, sampling the various dining options including seafood, tacos, New Orleans fair, or fine dining. Other events offered during the spring and summer include Historic Downtown Walking Tours, Lunch Concerts at the Pavilion on Wednesdays, and bicycle tours. The City holds an annual Banner Art Competition with a top prize of \$1,000. The City hangs banners on all the light poles in the historic downtown section with each banner representing the work of artists, each one different and unique. The winning 50 pieces of art have been printed on individual street banners and are on display in downtown through the summer.

Throughout the year the City holds a Farmer's Market in Historic Downtown where those interested can purchase local fruits and vegetables, eggs, meat, baked goods, flowers, honey, wine, crafts, firewood, and many other items from local vendors. The market is offered only once a week in the winter but three times a week during the warmer months of the year.

While the Harris Pavilion hosts the weekday Farmer's Market during the summer months, during the winter it is converted in to an ice skating rink. The rink is generally open weeknights and weekends.

The Manassas Regional Airport hosts an annual airshow. Generally held during the spring, the airshow and open house is a family friendly activity. Activities include the Freedom Museum (based at the Airport), demonstrations by parachute teams, helicopters, and jets, and various displays promoting aviation. The 2015 airshow included performances by the Breitling Jet Team, the world's largest professional civilian flight team performing on jets. Displays included the B-17 Texas Raider, the Fairchild Republic A-10, the Bell Boeing V-22 Osprey, and A-10 Warthogs.

The budget is the annual plan for the City's revenues and expenditures. It is also a document that summarizes the programs provided by City departments. The budget presented in this book is the FY 2023 Budget for the period of July 1, 2022 to June 30, 2023.

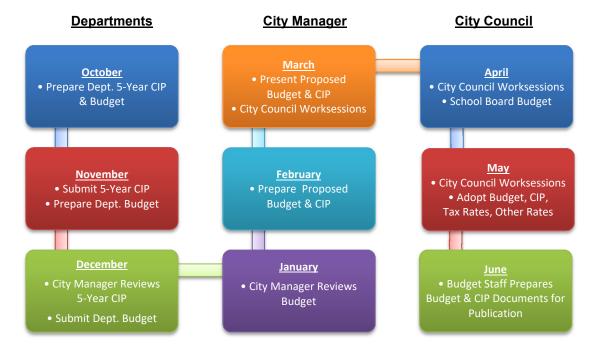

STATE BUDGET LAW

The Code of Virginia governs the budget process in the City of Manassas. Section 15.2-2503 requires that "all officers and heads of departments, offices, divisions, boards, commissions, and agencies of every locality", including the School Board of the local School Division, to prepare and submit an annual budget to the City Council on or before April 1st. After receipt of the proposed budget, the City Council must authorize the advertisement of the proposed real estate tax and levy rates. Once the proposed rates are advertised, the Council can adopt lower real estate tax and levy rates, but cannot, without additional advertisement, adopt higher rates. State code also requires the Council to hold public hearings on the proposed budget and the proposed tax and levy rates to collect public comment.

The City Council must approve the annual budget and fix a tax rate for the budget year no later than the date on which the fiscal year begins (July 1st). The annual real estate tax levy is due December 5th and June 5th.

FORMULATION OF THE BUDGET

The annual budget process commences in the fall of the preceding year. The budget calendar is developed to establish the timelines for the process including the date of submission of departmental requests, budget work sessions, and public hearings that lead to adoption of the budget. Departments are working on their requested CIP and Budget during the months of October-December. Meetings are held with the City Manager during the month of November (CIP) and January (Budget). The City Manager prepares his proposed budget in February and presents to the City Council in March. On or about April 1st, the School Board presents its recommended budget to the City Council. Work sessions are held during April and May by the City Council to determine the budget to be adopted. As required by Virginia law, a public hearing is conducted to obtain comments and recommendation from the public prior to adoption of the budget. A resolution is adopted in May to appropriate the funds.

BUDGET IMPLEMENTATION / ADMINISTRATION

The budget is posted to the City's financial management system, which verifies the budget prior to encumbering funds. The City's appropriated budget is prepared by fund and department. Appropriations are legally controlled at the fund level with the exception of the Schools which are legally controlled at the total appropriation level. The City's budget is administratively controlled at the department level. Financial and programmatic monitoring of departmental activities by the budget staff ensures conformity with the budget takes place throughout the year.

CAPITAL IMPROVEMENT PLAN

City Council adopts a Five-Year Capital Improvement Program (CIP) annually during the budget process. The CIP is a list of capital projects that are anticipated and scheduled over a five-year period. The CIP includes the planned funding sources as well as the expenditures and is developed to guide future planning. The budget contains an annual appropriation of the first year of the CIP. A proposed CIP is submitted in March with the budget by the City Manager. The City Council meets with the City Manager and departments during budget work sessions to consider the CIP. A public hearing is held and the CIP is adopted through a resolution.

BUDGET AMENDMENTS

The City's Financial Policies govern transfers within or between funds. The City budget can be amended through increases or decreases in appropriations or through budget transfers. Changes in fund appropriations, including the transfers and appropriations to and from contingencies or reserves require budget and appropriation resolutions adopted with the concurrence of at least four (4) members of the City Council. In the event that the budget should be amended by more than 1% of the adopted budget, the changes must be advertised and a public hearing held, regardless of whether or not the amendment is within the legal level of budgetary control.

The City Manager may approve transfers of budget and appropriations between departments within a fund and Department Directors may approve transfers of budget and appropriations within a department within a fund. The City Council delegates to the City Manager the authority to transfer existing budget and appropriations of fifty thousand dollars (\$50,000) or less between funds even though this is outside the legal level of control. All transfers greater than ten thousand dollars (\$10,000) but less than fifty thousand dollars (\$50,000) will be placed on the City Council Consent Agenda for consideration. Any transfers greater than fifty thousand dollars (\$50,000) will be considered by the Finance Committee prior to placing on the City Council Agenda. Contributions/donations to the City of ten thousand dollars (\$10,000) or less shall be placed directly on the consent agenda of the City Council.

Five-Year Capital Improvement Program

Operating Budget

City Council Worksessions

Adoption

The accounts of the City are organized into funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The operation of each fund is accounted for with a self-balancing set of accounts that comprise its assets, liabilities, fund balance/net position, revenues, and expenditures. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. There are three fund type categories: Governmental, Proprietary, and Fiduciary. In addition, the City of Manassas includes a discretely-presented component unit, the Manassas City Public Schools.

GOVERNMENTAL FUNDS

GENERAL FUND: The General Fund accounts for all financial transactions not required to be accounted for in any other fund. The General Fund accounts for the normal recurring activities of the City such as public safety, public works, and other general government departments. These activities are funded by revenue sources such as general property taxes, other local taxes, permits, fees, licenses, fines, forfeitures, charges for services, and aid from the Commonwealth and Federal Government.

SPECIAL REVENUE FUNDS: Special revenue funds account for the proceeds of specific revenue resources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects; these resources require separate accounting because of legal or regulatory provisions or administrative action.

The special revenue funds not included in the City's operating budget are the Merchant Trust Fund (Merchant Family donations for the Museum) and the Speiden Carper House Fund (donations restricted for use at the Speiden Carper House).

The special revenue funds included in the City's operating budget are the following:

- Social Services Fund Administration of the State Social Services Program, the Federal Housing Program, and other Human Services Programs
- Fire and Rescue Fund Revenues received from a tax levy created to fund fire and rescue services
- Owens Brooke District Fund Revenues received from a tax to maintain roads in Owens Brooke
- PEG Fund Revenues received from a cable surcharge to purchase cable equipment

DEBT SERVICE FUNDS: Debt service funds account for the payment of principal and interest on debt. The City has one debt service fund which accounts for the debt service of the General Fund, the Fire and Rescue Fund, and the Manassas City Public Schools. The other governmental funds do not have debt service.

CAPITAL PROJECTS FUNDS: Capital projects funds account for the acquisition, construction, or renovation of major capital facilities of the City. None of the capital projects funds are included in the City's operating budget. The City's capital projects funds are the General Capital Projects Fund (for general government functions), the Gateway Capital Projects Fund (development of the Gateway Business Park), the Transportation Capital Projects Fund (new City streets and highways), and the Northern Virginia Transportation Authority Fund (for projects funded in part by a 0.7% sales tax collected in the Northern Virginia region for transportation improvements).

PERMANENT FUNDS: Permanent funds account for monies provided by private donors that are restricted for a specific use, using only the earnings from the resource and not the principal. The City has one permanent fund, Cemetery Trust Fund, which is used to fund the maintenance of the City's two cemeteries.

PROPRIETARY FUNDS

ENTERPRISE FUNDS: Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises – where the intent is that the costs of providing goods or services be financed or recovered primarily through user charges. The enterprise funds not included in the City's operating budget are the capital project funds for the Sewer, Water, Electric, Stormwater, and Airport departments. The enterprise funds included in the City's operating budget are the following:

- Sewer Fund Operation of the City-owned sewer system
- Water Fund Operation of the City-owned water system
- Electric Fund Operation of the City-owned electrical system
- Stormwater Fund Operation of the City-owned stormwater utility system
- Airport Fund Operation of the City-owned Airport
- Solid Waste Fund Provision of solid waste collection

INTERNAL SERVICE FUNDS: Internal service funds account for the financing of goods and services provided by one department to other departments in the government on a cost reimbursement basis. The internal service funds included in the City's operating budget are the following:

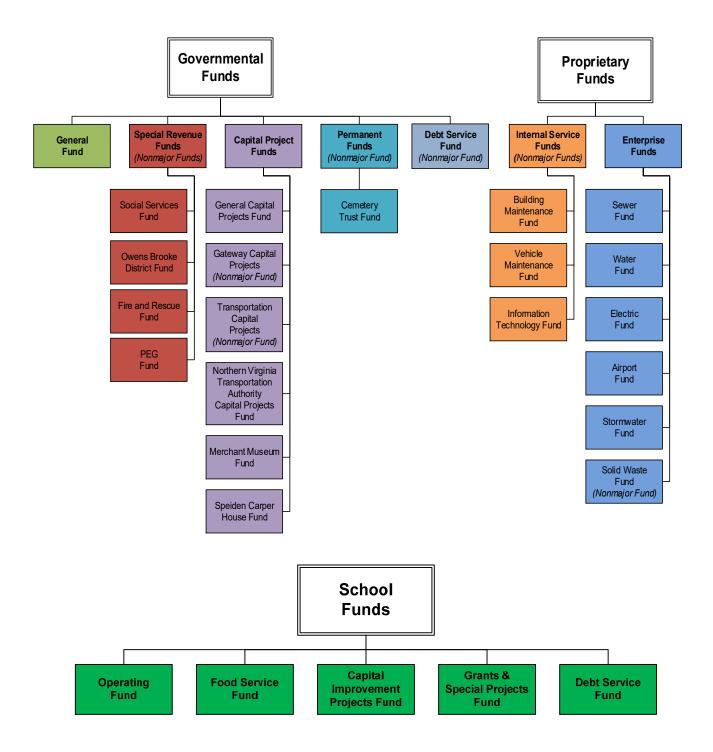

- Building Maintenance Fund Operation and maintenance of the City buildings
- Vehicle Maintenance Fund Operation, maintenance, acquisition, and replacement of equipment used by City departments
- Information Technology Fund Provision of information technology services to City departments

FIDUCIARY FUNDS

Fiduciary funds are used when a government acts in a trustee or agent capacity. This City does not have any fiduciary funds.

COMPONENT UNITS

The City of Manassas Public Schools are a component unit of the City of Manassas. The budget for the school system is adopted by the City Council with the rest of the City's budget as required by Virginia Law. In FY 2017, the Economic Development Authority became a component unit of the City of Manassas, however, they are an independent body and the City does not adopt their budget.

Key:

- The Manassas City Public School is a Discretely Presented Component Unit
- Funds Not Part of the Budget
- All Funds Included in the Budget are Major Funds Unless Otherwise Noted

FUND - DEPARTMENT RELATIONSHIP

The following table shows each City department and its associated funds (excluding School Funds).

		Special Revenue		Enterprise			Internal Service			Perm- anent	Debt
