

SEWER PROGRAM

The Sewer Program is administered by the Utilities Department. The program is designed to achieve five primary strategic objectives:

- 1) Replace and/or rehabilitate aging infrastructure;
- 2) Maintain or increase system reliability;
- 3) Improve system efficiency;
- 4) Address system growth; and
- 5) Regulatory compliance.

The Sewer Program continues to plan and invest in the future of the city by continuing to evaluate the collection system to effectively prioritize the replacement and rehabilitation programs.

PRIOR YEAR ACCOMPLISHMENTS

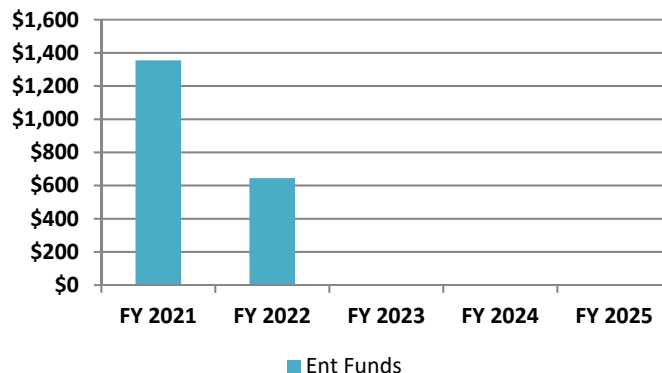

Sewer capital improvement efforts have been focused on main replacement in Prince William Street in conjunction with the roadway improvements (T-019), planning and evaluation of the next phases of the Upper Flat Branch interceptor project (S-016), and efforts to improve the Winters Branch sanitary sewer main.

Reliability of the sewer system has noticeably improved and sanitary sewer overflow events continue to decrease. Lining of the sewer mains has effectively rehabilitated much of the aging infrastructure which has allowed the Sewer Program to prioritize capital investment where necessary.

THE FIVE-YEAR PLAN (FY 2021 – FY 2025)

The FY 2021 Five-Year Capital Improvement Program (CIP) includes \$2,000,000 Enterprise Funds (Sewer and Water Funds).

In FY 2021 funding consists of a \$1,285,000 transfer from the Sewer Fund and \$70,000 transfer from the Water Fund.

(Dollars in Thousands)

FY 2021 CAPITAL PROJECTS

Upper Flat Branch Interceptor (S-016)

Planning and funding continues to replace sections of gravity sewer main along the Upper Flat Branch Interceptor.

Upper Flat Branch Interceptor Project

Buckner Road Sewer Main Replacement (S-020)

Install, repair, or replace 625 feet of sewer main along Buckner Road from Maury Lane to Taney Road.

Ellicott Lane Sewer Main Replacement (S-021)

Install, repair, or rehabilitate 770 feet of sewer main in Ellicott Lane from Wesley Ave to Wellington Road.

FY 2021 MAINTENANCE CAPITAL PROJECTS

Sewer Main Replacement (S-023)

Open-cut replacement of sewer mains that are beyond available service life and cannot be lined.

NEW CAPITAL PROJECTS

There are no new projects proposed for the Sewer Program.

SEWER CAPITAL PROJECT LISTING

(\$ in Thousands)

| Project Name | Prior Years | FY 2021 | FY 2022 | FY 2023 | FY 2024 | FY 2025 | Future | Total Project | 5-Year CIP |
|--------------------------|------------------------|----------------|----------------|----------------|----------------|----------------|---------------|--------------------------|-----------------------|
| Upper Flat Branch Interc | 3,230 | 435 | - | - | - | - | - | 3,665 | 435 |
| Buckner Road Sewer Ma | 60 | 520 | 645 | - | - | - | - | 1,225 | 1,165 |
| Ellicott Lane Sewer Main | 185 | 400 | - | - | - | - | - | 585 | 400 |
| Total | 3,475 | 1,355 | 645 | - | - | - | - | 5,475 | 2,000 |

SEWER MAINTENANCE CAPITAL PROJECT LISTING

(\$ in Thousands)

The City identifies Capital Projects as projects with a cost greater than \$100,000 **and** a useful life of 10+ years. The City recognizes that there are additional projects/needs that are capital in nature but do not meet the requirement set forth for a capital project. These additional projects/needs are considered Maintenance Capital Projects, a list of which is provided below for the Sewer Program.

| Project Name | Prior Years | FY 2021 | FY 2022 | FY 2023 | FY 2024 | FY 2025 | Future | Total Project | 5-Year CIP |
|-----------------------|-------------|-----------|------------|------------|------------|------------|----------|---------------|--------------|
| Sewer Main Replacemen | 63 | 40 | 600 | 450 | 450 | 450 | - | 2,053 | 1,990 |
| Total Cost | 63 | 40 | 600 | 450 | 450 | 450 | - | 2,053 | 1,990 |
